Jaime Nolan CAE

President and owner,
IntrinXec Management, Minneapolis

Other assn positions

Also executive director, Minnesota Precision Manufacturing Assn, and Health Care Administrators Assn. Other past or current clients include: Minnesota Commercial Real Estate Women, Financial Women International, National Assn of Professional Band Instrument Repair Technicians, Minnesota Outdoor Heritage Alliance, Minnesota Life College, International Interior Design Assn Northland Chapter, Minneapolis/St. Paul chapters of the International Facility Management Assn and Construction Specifications Institute.

Professional affiliations

AMC Institute – board member since 2006. American Society of Assn Executives, Meeting Professionals International, National Assn of Women Business Owners, Midwest Society of Assn Executives

Accomplishments

In 2004, I started my own company as what I thought would be a one-man “consulting firm,” and within two years we grew to be a full-fledged AMC with 12 employees and 15 assn clients. Became accredited with the AMC Institute in 2005. Named a “Woman to Watch” by *Twin Cities Business Journal* and “Woman on the Way” by NAWBO Minnesota chapter.

Education/certification: BA, U. of Minnesota. Earned CAE in 2005.

Cool nonwork accomplishment

As a volunteer, I spearheaded two major fundraisers for the Preeclampsia Foundation – a national walk-a-thon and an annual benefit fundraiser – which now raise more than \$300,000 for the foundation annually. This has allowed the foundation to fund their first full-time executive director as well as provide two Vision Grants to medical professionals conducting research related to preeclampsia.

Mentor: My mom.
